Pursuant to 37 C.F.R 1.109 and M.P.E.P 1302.14, the following is an Examiner's Statement of Reasons for Allowance:

The prior arts of record do not teach a communication interface comprising:

a physical layer for communicating data streams between two computers through at least one indicator of a control panel for operating an apparatus; a framing layer within one of the two computers, the framing layer for communicating data streams with the physical layer and for generating frames having a frame start delimiter and a frame stop delimiter; a transport layer for verifying frames communicated with the framing layer; and a dispatch layer for correlating a verified frame with an application executing within the apparatus for communication of the frame between the dispatch layer and the correlated application.

The examiner considers the applicants' claims 1-47 to be allowable based on the claim interpretation and the aforesaid prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The references are cited in the Form PTO-892 for the applicant's review.

A shortened statutory period for response to this action is set to expire 3 (three) months and 0 (zero) days from the mail date of this letter. Failure to respond within the period for response will result in **ABANDONMENT** of the application (see 35 U.S.C 133, M.P.E.P 710.02, 710.02(b)).
